Additional DTFR-Certificate - Engine Oil - Reblend
Additional DTFR 15C110 for: "WOLF OFFICIALTECH 5W-30 UHPD LS"

Dear Sir or Madam,

The aforementioned operating fluid complies with the requirements of the Daimler Truck Specifications for Operating Fluids, sheet DTFR 15C110 and is therefore approved for the respective Mercedes-Benz-Truck vehicles and assemblies. The application range is shown and further defined on the sheet DTFR 15A100. Further requirements, e.g. SAE grades, capacities, change intervals etc. must also be observed.

The following regulations apply for the DTFR (Daimler Truck Fluid Release):

- The DTFR comes into force on the date shown on this certificate
- The DTFR is only valid as long as the product name is listed in Mercedes-Benz-Truck BeVo-ONLINE: <http://bevo.mercedes-benz-trucks.com>
- Applications for renewals or new approvals etc. must be made in good time
- In addition, the regulations laid down in the current "Obligations Regarding Approval for Operating Fluids" contract apply.

This is an Additional DTFR-Certificate. It does not affect the period of validity of other certificates. The period of validity of the relevant DTFR-Certificate(s) and the date(s) for yearly verification(s) shall apply for this Additional DTFR-Certificate. Applications for renewals or new approvals must be made on time. This certificate is part of the relevant DTFR-Certificate and shall be attached.

Sincerely
Daimler Truck AG

i.V. Gilles Fédacou

i.V. Dr. Peter Kožuch
